

## RESERVE ACTION SHEET: CONSERVATION RESERVES

**RESERVE No.** A27655

**LOCAL GOVERNMENT:** Shire of Coolgardie

**NAME:** Wallaroo Rock Conservation Park

**PURPOSE:** Conservation Park

**VESTING:** Conservation Commission of WA

### ACTION

Change of purpose from "Government Requirements" to "Conservation Park"

**TOTAL AREA:** 1214.057ha

### REASON FOR ACTION

Reserve 27655 was previously an unclassified and unvested reserve for the purpose of "Government Requirements". The upgrading of the reserve to a class "A" conservation park vested in the CCWA is a recommendation in the *Goldfields Region Regional Management Plan 1994-2004* (Recommendation 11.7 – see attached extract from the plan).

**Date of amendment:** 20/01/2006

**Maps:** pp. 3-5

**Customer advice:** p. 1

**Proposal Summary:** see pp.

**IUCN classification:** (if existing reserve)

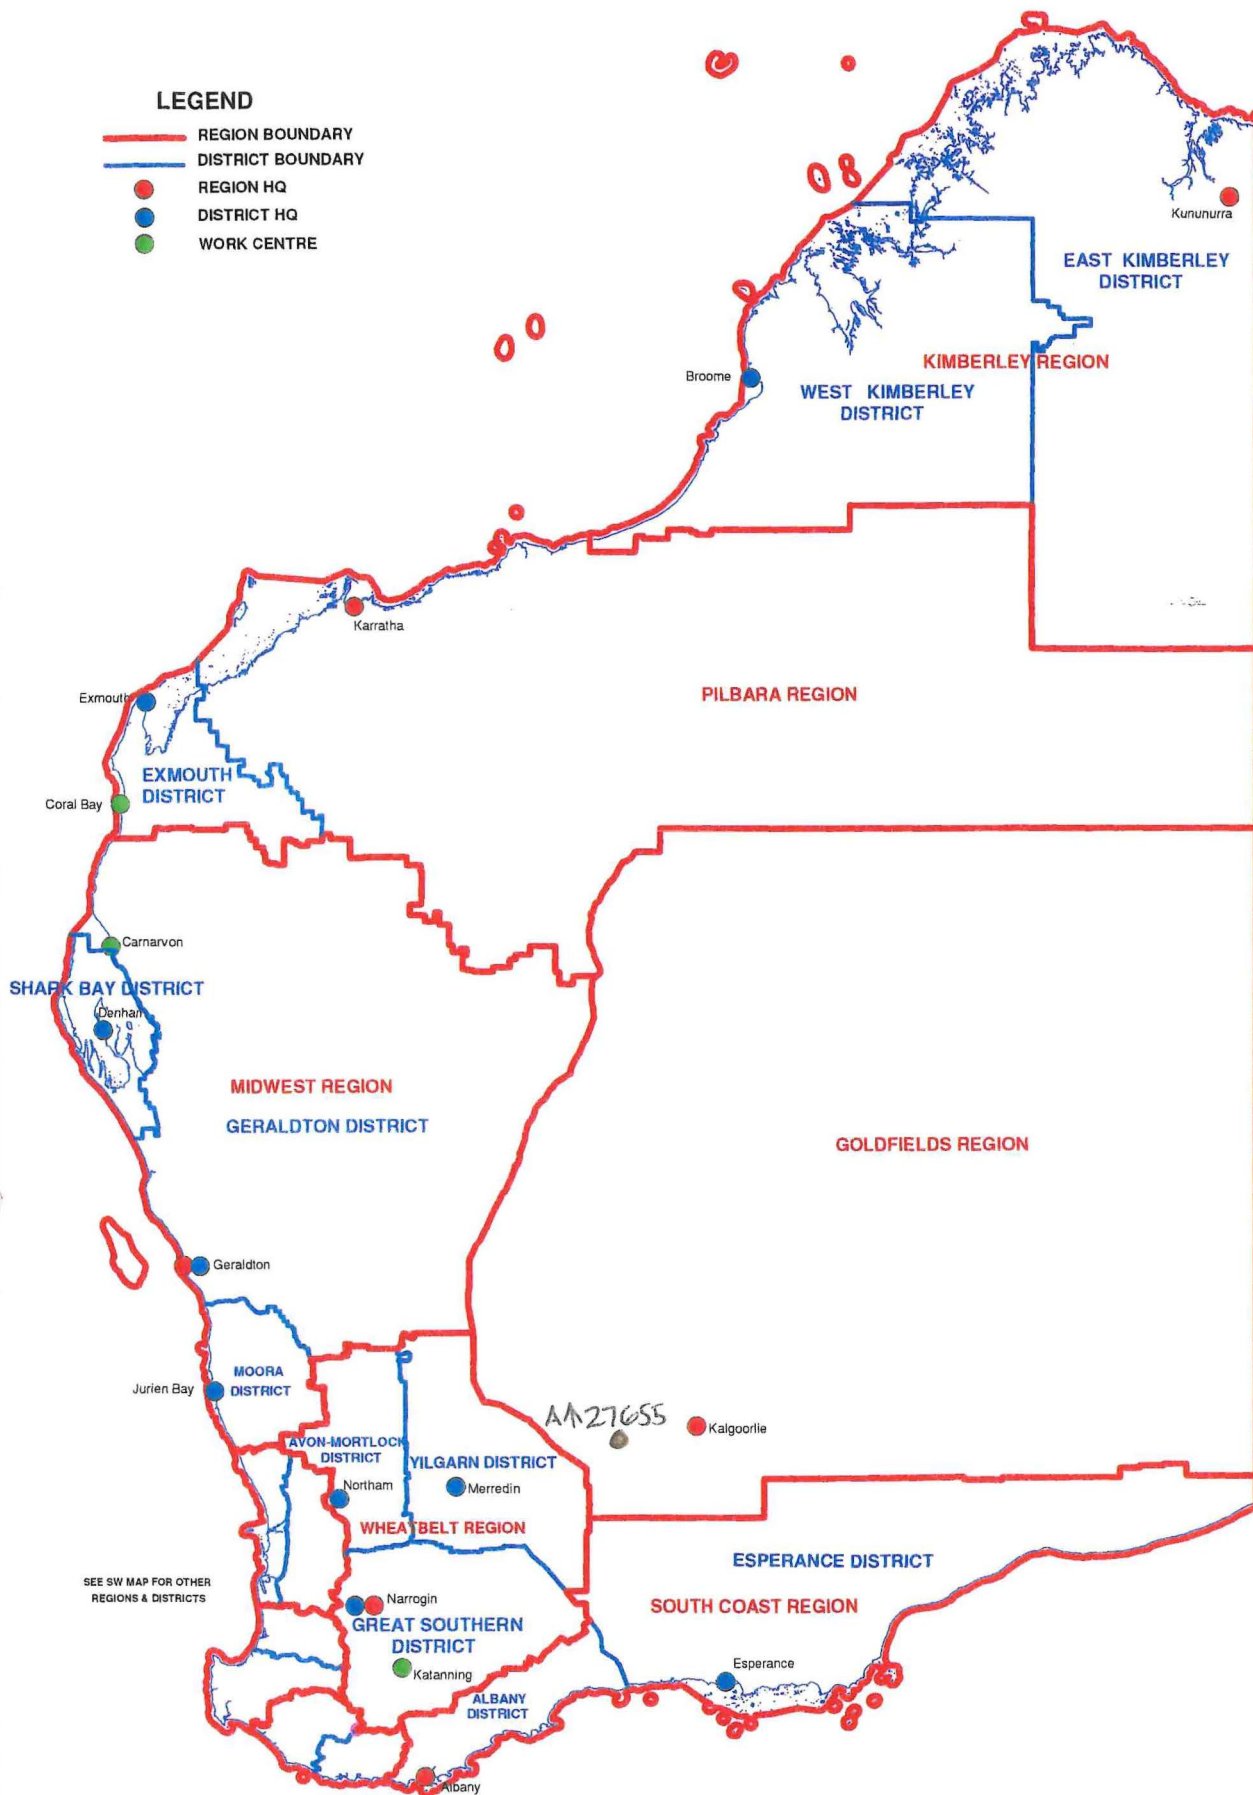

**Recommended IUCN classification:** (if new reserve) II

**NATIVE TITLE:** There is no information on file regarding native title. Reserve 27655 has no vesting history. The map at p 3, which is a section of an old DOLA Public Plan, shows that there were two *Land Act* leases over parts of the reserve in the past. It is assumed that DPI has implemented the reserve changes on the basis that the old leases had extinguished any native title rights or interests in the reserve.
