Attention: Ms Sharon Colliss

**RESERVE "A" 31107 – COMPILED GRAPHICAL SUPPORT.**

Thank you for your letter of 19 April 2007.

The documents to create a Crown Land Title as per Deposited Plan 52596 for "A" Class Reserve 31107 were lodged for registration on 23 January 2008, the document/dealing numbers are – K485586 to K485587 inclusive.

If you want to ascertain the progress of this matter it is suggested you telephone Progress and Issuing Registration Services on (08) 9273 7314.

I have enclosed a complimentary copy of Deposited Plan 52596 for your records, showing that "A" Class Reserve 31107 now comprises of Lot 340.

Could you please advise if the proposal for the creation of a conservation park comprised of parts of Lot 341, Reserve 12747 and portion of Kimberley Downs Pastoral Lease is still to be held in abeyance? I understand that discussions were taking place with the native title claimants and their legal representatives and subject to the outcome of these discussions, the proposal may proceed.

Please note that this agency is pursuing the referral process for the inclusion of Lot 343 on Deposited Plan 52596 into adjoining "A" Class Reserve 46235 as a separate matter and to quote Prompt Job No. 080295 in any future correspondence.

*① Called KLC - no answer, so left message for someone to call me*  
*② Called Leanne & advised that the KLC was to proceed the conservation park proposal to a meeting of Binubra claimants in July 2007. Leanne to prod for news*
