

RESERVE ACTION SHEET: CONSERVATION RESERVES

RESERVE No. 24282

LOCAL GOVERNMENT: Katanning

NAME :

PURPOSE: Conservation of Flora and Fauna

VESTING: Conservation and Parks Commission

ACTION

Creation of a nature reserve over Reserve 24282.

Total Area: 309.41 hectares

REASON FOR ACTION:

In April 2011 the Department of Water identified that Reserve 24282 (purpose of 'Conservation Fauna, Protection of Flora and Waterway') was considered surplus to their requirements. The Department of Environment and Conservation was invited to accept management of this reserve for conservation purposes.

Reserve 24282 contains three distinctive vegetation associations, two of which are poorly represented in the current conservation estate. The reserve also supports numerous flora and fauna including the Priority Four Western Brush Wallaby (*Macropus irma*). Reserve 24282 has significant conservation values as a nature refuge, containing the necessary habitat to support a range of wildlife and the potential to create a significant ecological corridor by creating a link between the two separate sections of Coblinine Nature Reserve and vegetated unallocated Crown land corridors. The Department of Environment and Conservation and then Department of Parks and Wildlife expressed an interest in seeking management of this reserve.

In April 2016 the Department of Mines and Petroleum agreed to the transfer and creation of an unclassified nature reserve over Reserve 24282.

The transfer was completed on 22 July 2016.

Date of amendment: 22/07/16
