

RESERVE ACTION SHEET: CONSERVATION RESERVES

RESERVE No. 33581

LOCAL GOVERNMENT: City of Kwinana

NAME: 'Leda Nature Reserve'

PURPOSE: Conservation of Flora and Fauna

VESTING: Conservation Commission of Western Australia

ACTION: Excision of 1.49 hectares from Reserve 33581 for the extension of Gilmore Avenue, Kwinana, to include Lots 115, 116 and 8010 on DP 69110 in lieu of Lot 332 on DP 218488.

Total Area: From 438.57 ha to 437.1 ha

REASON FOR ACTION:

The excision was proposed in 1998 to correct a survey anomaly that overlaid a portion of Gilmore Avenue onto Leda Nature Reserve. Support from the then National Parks and Nature Conservation Authority was provided on the condition that an environmental management plan was prepared by the City of Kwinana to mitigate the effects of the road works on nearby Pickle Swamp. This has been implemented to the department's satisfaction. The excision was not completed at that time due to an oversight by the former Department of Land Administration, this oversight has now been rectified.
