Andy Lange ~ Mechanical high
pine tree pruning

1989

andy, myself (Greg Hale) and
Steve Sweetman volunteered for
High Pruning using a tractor
and a mechanical wand on the
front & back:

front wand for pruning up to
3 metres - back for 5 metres -
This was called 'Piece Work' ~
we made a fortune!

In 1989 we were earning up to
3 times as much a week as the
other guys who didnt realise how
easy it was! They thought

Piece work was hard. G Hale

Steve Sweetman

(died 2001)

doing piece work
pruning with me
+ Andy Lange

1990

Pine Forest

working for C.A.L.M. G.Hall
