A photograph of a wooden signpost in a natural setting. The signpost is a vertical brown wooden post with a horizontal sign pointing to the left. The sign is also brown with white text that reads "ENTRY ONE WAY". The background consists of a dense thicket of green trees and bushes, with a reddish-brown dirt path or clearing visible in the lower half of the image. The ground is covered with dry, brown leaves and some green grass. The overall scene is outdoors, likely in a park or natural area.

A photograph of a wooden trail sign in a forest. The sign is a light-colored wooden arrow pointing to the right, mounted on a vertical wooden post. The text 'CASCADE TRAIL' is printed in black, uppercase letters on the sign. The background shows a forest floor with fallen logs, ferns, and trees.

CASCADE TRAIL

ONE TREE BRIDGE

One tree bridge is a simple structure made of logs or branches that spans a stream or a small gap in the forest. It is often used by hikers and hunters to cross waterways.

These bridges are built by local residents and are a popular feature of the forest. They provide a safe and easy way to cross streams and are often used by hikers and hunters.
