M44 Swan River Backwater, South Guildford

| | | |
|--|----------------------------|--|
| M44.1 Regional park recommendations be applied to this area. | Unresolved Issues | The Regional Parks Task Force Report proposes that the Swan Estuary be considered analogous to a regional park managed under Swan River Trust legislation. The Swan River Management Strategy (1988) recommends that all the foreshore reserves and waterways of the Swan Canning Rivers be treated as a single entity for the purposes of planning and management. However, areas of high conservation value may be added to CALM's existing Swan Estuary Marine Park estate. |
| M44.2 DPUD consider reserving areas not already reserved for Parks and Recreation under Metropolitan Region Scheme | Implemented | DPUD has reserved most of the area for Parks and Recreation. The portion not reserved had been developed for housing a long time ago. |
| M44.3 DPUD and Swan River Management Trust prepare a management plan. | Implementation Progressing | Local Authority has indicated its intention to prepare a management plan. Funding issues are being negotiated with DPUD. |
